

MACLEOD CURLERS
ORGANIZE RINKS AND
APPOINT SKIPS FOR
SEASON 1930-31

The largest meeting of curlers ever seen in the town of Macleod was held on Tuesday evening this week, when the club met for the selection of skips and classification of players. Never before in the history of the Old Town has there been witnessed such enthusiasm at the beginning of a season, or such a large number of prospective members. Several old players who haven't thrown a rock for years are joining up again this year, and never before have so many new men come forward to join in the roarin' game.

The meeting first decided to affiliate with the Foothills Curling Association, and will send several rinks to the bonspiel to be held at Okotoks, commencing January 5th, 1931. An invitation will be extended to the association for the 1932 bonspiel to be held in Macleod, as Macleod has now not only the finest skating and curling rink in Southern Alberta, but has also three large hotels where any number of curlers can be accommodated. A special vote of thanks was unanimous-

ly passed to the mayor and council of Macleod for their public spiritedness in providing such an excellent curling and skating rink for the citizens.

Twenty skips were selected and it is expected that more will be added. Second and third players were also selected and a large number of new names were mentioned as leads. Each of the skips are expected to secure a new man for lead. The following were the skips appointed: T. B. Armstrong, F. Butler, John Baird, W. Cockram, W. A. Day, R. Drummond, A. H. Eckmire, Dr. W. R. Haig, S. Heap, Dr. A. H. Kennedy, A. McLeod, R. D. McNay, G. Stewart, G. E. Stewart, C. E. Tweed, H. C. Winter, Jas. Young, Sergt. J. Webb. The skips select their own second and third players from the following list: 3rd, players—W. G. Andrews, A. W. Bawden, Ray Baker, R. Black, Joe Grier, J. E. Gardiner, L. D. Huntley, C. G. Hoult, R. Lantinga, Tom Laycock, Judge A. M. McDonald, J. W. McDonald, K. C. P. Navue, N. Nicholson, John Pringle, Geo. Parker, Wesley Shield, Tom Turnbull, Al West.

Second Players
Gordon Beaton, W. Christensen, Chas. Chester, J. Doudican,

F. B. Frey, Vernon Goe, Rev. J. F. Knight, Joe Lemire, Chas. Lewis, A. L. Madden, B. McNeil, J. A. McKay, Frank Neville, Jim Nicholson, H. F. Piette, Geo. Pringle, W. J. Ryan, R. C. Snyder, A. Sanders, Corpl. R. Vise, Joe Watson.

UNITED CHURCH LADIES'
AID BAZAAR

The Ladies' Aid of the United Church, Macleod, held their annual bazaar and harvest supper in the Town Hall on Saturday afternoon, November 15th, but on account of the stormy weather and snow blocked roads, the attendance was very much below the average of this annual affair of the church, and the result it was not the financial success of previous years. However, everything considered, the result was very satisfactory, the attendance at the supper was very good, considering that those present were almost entirely townspeople. Those who were fortunate in partaking of the supper certainly got their money's worth, for the ladies of this church without a doubt know how to provide and serve a delicious supper.

Mrs. J. T. Doney, the president of the Aid, had the work splendidly organized, and much credit is due to her for the smooth working and success of the affair. Mrs. Doney was ably supported by many willing helpers. Mrs. S. H. Bailey, who was convener of the supper committee, had the heaviest share of the work, and the wonderful variety of tasty dishes on the tables showed how well she had fulfilled her duties. Her assistants were Mrs. Grady making tea and coffee; Mrs. O'Brien; Mrs. Neville, Mrs. Fanset, Mrs. Alf Dixon, Mrs. Jackman, Mrs. Jas. Young, Mrs. Stevens and Mrs. P. Koole cutting and serving.

Auxiliary Heating Units
Heat More Efficiently

When Correctly Used

The rays from the ordinary radiant heater are like those of the sun—they heat only the objects they strike and not the air through which they pass. They do not create air currents and therefore, should not be used as independent heating units. In conjunction with your furnace, however, they will give complete satisfaction provided air currents can circulate their heat. IT IS ALWAYS ADVISABLE TO LEAVE THE DOORS OPEN IN ROOMS IN WHICH RADIANT HEATERS ARE BEING USED, SO THAT THIS NEEDED AIR CIRCULATION CAN TAKE PLACE.

There are auxiliary heating units on the market which do create the air currents necessary for efficient heating. You can see them on display at your local hardware. These units draw the cold air from the floor and, after heating, emit it from the top; thus creating an active circulation of air throughout the room and sending the warm currents to every corner. THESE ARE THE ONLY TYPE OF HEATING UNIT THAT SHOULD BE USED WITHOUT THE AID OF A CENTRAL HEATING PLANT.

THE New
NASH

Appearance and comfort are notably advanced
Performance is smoother, more thrilling than ever

The Eight-90—Finest Motoring
Money Can Buy—\$2150

Everywhere you go, you will hear glowing tributes to the new Nash. Some refer to the car's smooth, flashing speed and delightful ease of control. Others stress its finer beauty and luxury. All marvel at the wholly unexampled value. Beyond these tributes, there is the unmistakable fact that every one who rides in or drives the new Nash desires to own it. A demonstration will make you, too, one of the new thousands now turning to the new Nash.

A NEW DEAL FOR TODAY'S DOLLAR

GEO. H. SCOUGALL, AGENT

Phone 205 Macleod, Alberta

Mrs. Knight, Jean Day, Jean Wyld, Mrs. Madden, Miss Griffin, Dorothy Young, Jane Bailey, Mrs. Chas. Reach, Mrs. M. Russell, May McGregor, Mildred Bailey and Doris Copeland were waiters at the tables. The pantry table was in charge of Mrs. J. F. McGregor and Mrs. Murdoch McKenzie. Fancy work table, Mrs. J. Lockard and Mrs. Rosling. The candy table was in charge of the C. G. I. T. with Dorothy Young, president, responsible. Mrs. Black was cashier, and Mrs. Wesley Shield looked after the seating of the guests at the supper tables.

Delightful music was rendered by the following orchestra during the supper: Mrs. Vise violin; Miss Irene Young, piano; Miss M. Griffin, cello; Robert Hunter, cornet.

NOTICE

Annual Meeting, Macleod General Hospital, to be held in the Town Hall, Thursday, November 27th, at 8 o'clock.
GEO. H. SCOUGALL,
Secretary-Treasurer.

When somebody treats us unusually well, we know that either he's a gentleman or we're a prospect.

Gallagher and a chorus of forty-two sailors for an audience.

A history lesson with Helen Kane as the teacher?

Dennis King's golden voice in a stirring Russian love-song?

Nancy Carroll singing and hoofing a mad, merry jazz dance to the music of Abe Lyman and his Band?

George Bancroft's remarks at a swanky social function if he obeyed his underworld impulses?

The singing of a flock of Hollywood beauties, heard as they are seen in intricate dances, bright costumes and novel settings, many of the scenes in Technicolor?

You will hear all these things, and many others in "Paramount on Parade!"

Chevalier Now "Americanized"—Monday and Tuesday

In "The Big Pond," his newest starring film, Maurice Chevalier becomes thoroughly "Americanized."

His earlier films showed the former favorite of the Folies Bergere in the characterizations of a music hall singer and of an ambassador extra-ordinaire in a mythical kingdom.

But "The Big Pond" shows him as an enterprising "big shot" in a cheving gum factory. And nothing could be more American than that.

"The Big Pond" is based on a Broadway play of last season by George Middleton and A. E. Thomas. The story deals with a young Frenchman, who is employed as a guide for American tourists in Venice. Through the influence of some tourists he is brought to America to take a position in a cheving gum factory. He starts "at the bottom" and gains prestige in the business through his novel ideas about advertising. He writes successful songs which exploit the company's product. Before long he is a power in the industry, and an ace in the regard of his sweetheart, played by Claudette Colbert, the lady of "The Lady Lies" fame.

COMING EVENTS
FORESHADOWED

The Ladies of the Royal Purple are holding a dance in the Elks' Hall on Friday, Nov. 28th. Marquis Hotel Orchestra (Gerry's Radio Merry Makers) Supper will be served. Admission: Ladies \$1.00; Gentlemen \$1.00. Keep this date open.

Christ Church W. A. will hold their Bazaar, Sale of Work Home Cooking and Afternoon Tea on Saturday, Nov. 22nd from 3 to 6 o'clock in the Town Hall.

LOCAL DRUGGIST
GETS BIG AGENCY

Local citizens who have heard of the results which have been accomplished by Sargon, will be interested in the announcement that this new and scientific formula can now be obtained in this city.

Sargon was introduced in the United States in April 1928. Since that time it has become a nationally-known, nationally-advertised product. Not in recent years, perhaps, has any other medicine of its kind attained such widespread popularity, and were it not for the actual facts and figures given out by some of the leading drug firms of America, the success attained by this product would be hard to believe.

Sargon is now being introduced in Canada, and a new, modernly equipped plant has been established in Ontario to take care of the rapidly growing demand throughout the Dominion.

In awarding the local agency, the manufacturers of Sargon are carrying out their established policy of confining the sale to one thoroughly responsible and centrally located drug firm in each city, and where ever introduced, the Sargon stores will be found to be one of the leading and most representative. Such firms are always anxious and willing to co-operate with the manufacturers of meritorious products, especially inter-nationally known products of proven merit.

Sargon was recently introduced in Toronto, Hamilton, London and other cities in Ontario, and judging from the large initial sales and the real business it has enjoyed, it now seems a foregone conclusion that the success attained by Sargon in the United States will be duplicated in Canada.

In the leading cities of the United States some of the most prominent men of the country have been among the hundreds who have come forward to tell what Sargon has done for them, and many thousands have used it with the most gratifying results. Human nature is the same the world over, and when suffering men and women find a medicine that helps them, they want to tell their friends about it, and in this way Sargon is rapidly becoming known throughout the entire American Continent.

The exclusive agency for Sargon and Sargon Soft Mass Pills for this city and section has been awarded to The Rexall Drug Store.

In anticipation of the extraordinary demand, this well known firm has just received a large shipment of this celebrated medicine.—Adv't.

CARD OF THANKS

C. Clarke and family wish to thank all their friends and relations for sympathy and kindness shown in their sad bereavement. Also to thank those who sent floral tributes, loaned cars or assisted in any way.

Officers in charge Capt. and Mrs. Weir.

MACLEOD WOMEN'S INSTITUTE
HELD INTERESTING MEETING

The Macleod Women's Institute held their regular monthly meeting in the Parish Hall on Tuesday, November 18th, 1930. Mrs. O. F. Fanset, president in the chair. There was a large number of members and friends present.

It was reported that the Women's Institute has been granted the privilege of selling refreshments in the new skating and curling rink during the season, and arrangements were made for the carrying out of the work.

After the regular business was completed Mrs. Greenwood, convener of legislation, took charge of the following programme. A pleasing piano solo by Miss Irene Young; Roll Call answered by "Favorite Statesmen;" Mrs. Greenwood read the Constitution and By-laws of the Alberta Women's Institute; two vocal solos by Mrs. C. G. Hoult were greatly enjoyed.

Mr. W. H. Shield, M. L. A., then addressed the meeting. The topic of his address was "The Return of the Natural Resources," and he pointed out in a very clear manner the conditions of the North-West Territories in 1867 compared with conditions at the present time. The country then was undeveloped and the Hudson's Bay Company had control of the natural resources, and later the Dominion Government took control. Mr. Shield told of the many appeals to the Dominion Government from the Prairie Provinces at different times, until finally the question was settled, and the Resources were turned over to the Province on October 1st, 1930. He then gave a vivid description of the vast resources of our own Province of Alberta, and also spoke of the great responsibility of the taxpayers as to the conserving of the same for future generations. The address was exceedingly interesting and instructive, and was very much enjoyed. A vote of thanks was tendered Mr. Shield for his kindness in giving his time to the meeting. The meeting closed by singing the National Anthem. Refreshments were served by Mrs. Greenwood, Mrs. M. Murphy, Mrs. M. Jordan and Mrs. W. Armer.

Don't you like to work for people who value your good judgment as much as you value theirs for employing you.

SLEEPING IN THE MORGUE

When Louis Brennan of Cedar Rapids, Iowa, grew weary the other night, he strolled into the morgue and went to sleep among the dead.

Rather foolish, but Louis redeemed himself in the morning. He awakened, discovered where he was and walked out among the living.

There will be a smile for Louis—and some of those who smile will not realize that they, too, are sleeping in a morgue—the resting place of dead ideas.

There is the idea that war is inevitable. The notion that the world is not progressing. The hunch that superstition is superior to science. The belief that prosperity depends on politicians.

And a dozen others—all dead and forgotten by intelligent people.

Yet thousands still sleep with such ideas in the mausoleums of departed theories.

Louis Brennan, when he awakened and found out where he was, walked out.

But how many sleepers-with-dead-ideas, when they awaken have the sense to follow his example?

THE PARADE OF CIVILIZATION

In southwestern Arizona the remains of an ancient city, old before America was discovered, are found accidentally. There are streets, house walls, broken pottery and traces of an irrigation system.

The site may be that of one of the famous "seven cities of Cibola," for which Spanish ex-

plorers searched, believing them to be paved with gold and silver, full of precious stones.

We like to think we are the first "civilized" people on this continent. Slowly, we are discovering we are not. Civilizations, quite as remarkable as ours, all things considered, flourished here thousands of years ago.

Some day, explorers will discover the remains of OUR civilization, which will inevitably be replaced by a better as the world progresses.

A MINOR MOTOR MYSTERY

One of life's minor mysteries is why no fist fights ever start after two automobiles bump each other.

The sight is fairly common at any crowded intersection. There is a whang of metal and the tinkle of glass. Two cars each slewed around, stop suddenly. Traffic detours around them.

From each car, solemnly and slowly, descends a driver. Each driver, with grave deliberation, walks about his car, inspecting the bent fenders and broken lights.

Then each walks, still in the manner of a bishop, toward the other. There is considerable gesticulation, because each one of them was in the right and is prepared to maintain that theory to the last drop of blood.

Sometimes the two tell God all about it, profanely. Arms wave, hot words fly back and forth, faces grow red—but that's about all.

We have wasted our last 15 minutes waiting for two motorists to mix it. It's easier to find a good dog-fight.

A DEEP RUSSIAN MYSTERY

The Soviet government would get along a little better if it weren't so mysterious.

Just now, it is trying to suppress kissing. All the mail is stamped with the admonition to "Think before you kiss." Also the notion that: "Every kiss costs 40,000 bacteria."

Well, every kiss costs 40,000 bacteria what? Their lives, by drowning? Or merely their self-respect? Or do they just feel crushed?

Or does the government mean that every kiss costs the government 40,000 bacteria? What is the government doing, anyway? Hoarding germs? If so,

why? And what does the government do with them, after they're saved?

This looks like a first-rate international mystery.

HEALTH SERVICE OF THE CANADIAN MEDICAL ASSOCIATION — THE TODDLER DISCOVERED

It is generally known that the school child should receive regular health supervision in order that he may get the most out of his school years, and start out into adult life with a sound body. Throughout the civilized world, we find doctors, nurses and dentists working in the schools to safeguard the health of the school children.

It is generally understood also that the well baby should be supervised by the doctor in order that the mother may be advised as to the care her baby requires, so that she may protect her infant from disease, keep him well and see to his proper development. Each year an increasing number of mothers take their well babies to their doctor for health supervision. They do this because they have learned that by following the advice they receive their babies are kept well. In many places, well-baby conferences are held for the purpose of giving health supervision.

As a result of this preventive work which has been done for infants and school-children, there has been among them a great reduction in disease, and a marked improvement in their health. The results have been so satisfactory that such work is extending, and in some places, the health supervision which is being given reaches practically every infant and school child.

Until a short time ago, the young child, between infancy and school age, was thought not to require any particular care. It is only recently that the toddler, or pre-school child, has been, as it were, discovered to require health supervision.

The child, from one to six, is passing through years where growth and development are rapid. He requires proper care if he is to develop properly. He needs guidance if he is to form the habits of life which are so important to his physical and mental health. These are the years when the child requires the right kinds of food if he is to have a properly developed, sound body when he enters school. His diet should include cereals, meats and vegetables; particularly does he require milk each day, fruit at least once a day, and green leafy vegetables regularly. He should not have tea, coffee, fried foods, pie, pickles, or rich cakes and puddings. He should not be given food or candy between meals as this spoils the appetite.

Well over half of all deaths from communicable diseases occur at this age. The child should be vaccinated against smallpox and immunized against diphtheria. He should never be exposed to such diseases, and if they do occur, he should be carefully treated. Adenoids, diseased tonsils, and defects of the eyes and ears develop during this period and they should be corrected without delay. There is no reason for putting off treatment, and there are many reasons why treatment should not be delayed, as delay causes the child to suffer and his development to be interfered with. Again, long-standing conditions are always more difficult to treat successfully.

Questions concerning Health, addressed to the Canadian Medical Association, 181 College Street, Toronto, will be answered personally by letter.

RELIABLE HOTEL KEEPERS FRIENDLY DECENT CLUBS

OR

A BOOTLEGGERS' PARADISE?

Why cancel the beer licenses of Hotels and Clubs when our past experience has shown that it opens the way for bootleggers to ply their sinister trade among old and young?

Destroying the privilege of beer by the glass means restoring the custom of hard liquor by the bottle. Which do you prefer?

THE MODEST GLASS OF BEER HAS LARGELY REPLACED THE BOTTLE OF HARD LIQUOR

DO NOT SIGN THE PROHIBITION PETITION. IT MEANS CLOSING CLUBS AS WELL AS BEER ROOMS.

Leave the Act alone. We don't want the bootlegger back again.

Moderation League of Alberta, Inc.

A Two-Sided Story

Following is a letter that appeared in a Western newspaper, written by one of its readers. There is information in it for storekeepers: "Your paper is always boosting that home-town buying is the right thing, for if everybody bought away we would not have a town very long. In your editorial a week or two ago you said there would be less buying from catalogues if every merchant would advertise, because it is advertising that keeps the catalogue men going. Well, I believe that's right too, but one thing I would like to see all the local merchants do, and there are more who think the same, and that is for them to print the prices as much as they can in their advertising. And I also think that if the prices are going up they should say so and tell why, if they know. These times we all have to bite our nicks, or most of us, and we certainly don't like the idea of prices going up on staples particularly, and not a word about it till you reach the store. I am not an advertising expert, but I know what I would like to see in my local paper along that line and that is a lot of genuine information about goods and prices every week. Then we should feel better and if we were being fairly treated there would be less sending away. I hear this talked about a lot, so thought I would write you."

Mr. Merchant, tell your message to the people of this town and vicinity in

WEDDING BELLS

HORNER—DUFFIELD

The marriage of Miss Grace E. Duffield, R.N., only daughter of Mr. and Mrs. E. I. Duffield, and James Wm. Horner, son of Mr. J. Horner of Macleod was solemnized at 11 o'clock a. m. on Wednesday, Nov. 12 in the United Church, Pincher Creek. Rev. N. W. Whitmore, B.A., performed the ceremony.

The bride daintily clad in a white wedding gown and veil and carrying a bouquet of roses was led to the altar by her father who gave her in marriage. Mrs. Ernest McCrae of Macleod was the matron of honor and Mr. Ernest McCrae supported the groom. The procession entered the church to the strains of the wedding march played by Mrs. C. Tatum.

Over 30 guests attended the reception held at the home of Mr. and Mrs. Duffield.

Mr. and Mrs. Horner left by car for Grand Forks, B. C. where they will spend a few weeks honeymoon before settling in their new home at Macleod. Mrs. Horner was a popular Pincher Creek girl and a host of friends wish her and Mr. Horner good luck and best wishes for a happy life.

HAHN—ALCOCK

For the second time within a week St. James' Anglican Church, Hazelmere, was the scene of a pretty wedding, when on Friday, November 14th, Ellen Kate Gladys, only daughter of Mr. and Mrs. William Alcock, Hazelmere, was married to Ronald Hahn, Claresholm, second son of the late Francis and Mrs. Hahn, Macleod, the Rev. F. Randall Powell, M.A., Rector of Christ Church, Macleod and St. James' Church, Hazelmere, performed the ceremony.

The bride entered the church on the arm of her father, who gave her in marriage, to the strains of the wedding march played by Mrs. Wm. Heath. She was accompanied by her cousin, Miss Peggy M. Parsons, and Miss Louise E. Collar, niece of the groom, as bridesmaids.

Albert Hahn, brother of the groom, was best man.

The bride was beautifully dressed in white silk crepe with long train, veil with wreath of orange blossoms, white kid shoes and silk stockings, and carried a lovely bouquet of bridal roses and lilies. The bridesmaids were both dressed in pale blue silk with dutch caps to match, and carried bouquets of pink roses. The bride's going away dress was cocoa brown crepe silk. The bride's mother wore a brown velvet dress trimmed with gold lace and hat to match.

During the signing of the register, a solo was well rendered by the brides uncle, G. W. Parsons.

After the ceremony a reception and wedding banquet was held at the home of the bride's parents, the rooms of which were decorated with white bells and streamers, the tables being centered by a three-tier wedding cake, made and decorated by the bride's mother. The tables were decorated with pink and white carnations, around which about 50 guests sat down to the wedding feast. The relations present were the families of the bride and groom, the bride's uncle and aunt, Mr. and Mrs. Parsons, Lethbridge, the groom's sister, Mrs. A. Collar and family, Mr. and Mrs. B. Nash and family, Mrs. Ross, also a number of other friends. The wedding presents were costly and numerous, included among which was a lovely bible, a special gift from the Rev. Randall Powell.

After a short honeymoon spent in Northern points the young couple will reside on the groom's farm near Claresholm.

GREGORY—STONES

A quiet wedding took place at the home of Mr. and Mrs. E. Risler, 1028 12th St. A., South, Lethbridge, on Wednesday evening of last week at 7:30, when Mary Kathleen, youngest daughter of Mr. and Mrs. F. Stones, of Spring Point, Alta., became the bride of William Gregory, youngest son of Mr. and Mrs. James Gregory, also of Spring Point. The ceremony was performed by Rev. C. H. Phillips, pastor of the First Christian church, only immediate relatives being present.

SO DIFFERENT

The poor man lives from hand to mouth;

He's never in the running.

But the baby lives from foot to mouth,

And people call it cunning.

Granum Alberta

Don't Hunt For Bargain Insurance

Some people make a habit of shopping around for insurance but make the mistake of shopping not for quality—not for sound dependable protection—but for bargains in premiums and for fancy policies that are sold with the argument that they give more protection for the same amount of money. Don't fool yourself and don't let any salesman fool you. The result of such bargain hunting may be ruin at a time when loss occurs and you attempt to collect.

GRANUM LOCAL NEWS

J. Reynolds and B. Trodden
motored to Calgary Tuesday.

Miss Lois Little, who is teaching at Raley, was home over the week-end.

Mrs. F. Empey and Mrs. Fraser are Calgary visitors for a few days this week.

W. Sherman, W. Blair and E. Sherman left Tuesday for the mountains on a hunting trip.

Miss Norma Johnstone, who has been a visitor in Calgary the past week, returned home Saturday.

Mr. and Mrs. J. B. Allison left Wednesday for Calgary where they expect to spend a few days.

Mr. and Mrs. James Blair left Tuesday for Calgary where Mr. Blair is attending the Municipal Convention.

Miss Margaret MacDonald of the staff of the Claresholm Schools was a visitor last week-end at the home of Mr. and Mrs. W. A. Blair and family.

Friends will be sorry to hear of the death of Mrs. Alex Elgin, who died Tuesday, Nov. 11th, at Berwyn, Alberta, from the flu. Mrs. Elgin formerly lived at Granum.

There will be no service in Granum Presbyterian Church next Sunday. Sunday School at 11 a. m. Rev. A. Ferguson, Macleod, will preach at Jumbo Valley Presbyterian Church at 3 p. m.

The Granum Presbyterian Ladies Aid will hold their Bazaar and Sale of Home Cooking on Saturday, Dec. 6th, at 3 p. m. in Reynolds's Hall. Afternoon tea will also be served.

At Starland Theater Friday and Saturday this week—Nancy Carroll and Skeets Gallagher in "Honey." All talking, sweeter than "Sweetie." Also all talking comedy, "A Hollywood Star." Usual admission.

The Girls of the C. G. I. T. are planning an AT HOME at the Church within the next little while when they will entertain with a Pageant "Peace—Begger or Queen" and with other features, including refreshments. A silver collection will be taken to provide a gift to Missions by the Girls. The date will be announced later.

At the meeting next Monday, Nov. 24th, of the Young People's Society there will be a debate on the subject "That Permanent Peace is a Greater Menace to a Nation than is War." The debate is to be presented by Miss Reid, Miss Arnegard, Mr. Edwin Pitt, and Mr. Claude Marsh. No meeting was held this week because of the Chautauqua.

At the United Church service next Sunday evening, Nov. 23rd, the minister will give a picture illustrated with slide photographs on "Black and White Christians in Angola." You are invited to bring the children, and worship at the United Church. There will be a Song Period with some old hymns ON THE SCREEN at a quarter past seven. Special Children's Service open to all.

The projected visit of Mr. Haslam of Claresholm who was slated to address the Adult Study Club of Granum at last Wednesday's meeting, had to be cancelled on account of the heavy blizzard of that day. The Adult Study Club was unable to hold a meeting, although several would have attended. It was arranged by phone, to hold the meeting at another date, and friends will be glad to know that Mr. Haslam has offered to fill the engagement at any time. "World Trade and World Peace" was the subject announced for his address.

What might have been a serious accident, but was restricted by coolness and presence of mind to a harmless event, took place on Saturday afternoon last at the bridge over the Old Man River on the Blue Trail south of Granum, and near Macleod. It was a collision between a mount of Mr. Canning, with Mr. Canning up, and a Chevrolet car driven by the owner, Mr. John Baird of Granum. The big snowplow which was being kept busy in Saturday's blow was waiting at the bridge approach for the car to come over while the horse ridden by Mr. Canning was passing over the bridge

which there reaches rather long proportions. Mr. Baird was anxious to get across and give the snowplow opportunity to go on. When trying to pass the horse and rider, the animal became excited and sat on the front end of the car. There was a setting for something serious, but the coolness of all concerned avoided that. There were mutual expressions of regret, tempered with good humor, and the travellers went on their respective ways. Mr. Baird's fine car bore some marks, and the horse bore only a few scratches. Mr. Baird and Mr. Canning are neighbors in the Daley Creek district southwest of this town.

The United Church Ladies' Aid of Granum did not meet with favorable weather for their Annual Bazaar last Saturday, the 15th, but their efforts were, nevertheless, very well patronized by the community. The roads were in a rather precarious condition after the heavy snowfall and some drifting from the north. At noon Saturday a gale blew from the south and west, and made the roads impassable in many cases. People were unable to come in from some quarters, and the attendance was much reduced. But the people of the town gave fine support, and so, a very unfavorable day was made comparatively successful. In the Opera House, which was the place of the Bazaar, very attractive decorations, and surely one of the finest displays of fancy-work, novelties, house-dresses, etc., which one could ever expect to see, were presented to the visitor. No eye could have missed the elaborate autograph quilt made by Mrs. Ellis, now of Winnipeg, and containing the names of two hundred and seventy-six persons worked in red and white, nor a beautiful all-wool comforter done and presented by Mrs. J. Daley. There were rarely beautiful flowers done by Mrs. P. S. Clarke and Mrs. C. G. Marsh, and of course, all the women of the Church had done splendid things. One cannot well select any above others. Your correspondent was surprised at the low prices marked upon so fine work. The ladies were trying to cater evidently to rather thin purses in these trying days. The bounteous supper tables were well patronized for such an evening, and the ladies were gratified at the support of the people. Financial returns, we are advised, approximated \$217.

The Young Timers held their first social evening on Friday, Nov. 14th. Quite a number of young people turned out and a very enjoyable time was had at Court Whist and dancing. First prizes in Court Whist went to Miss M. Calder and Mr. M. Reynolds. Lunch was served near midnight and then the business was conducted. \$18.95 was taken in as fees for membership to the Young Timers. Dancing was then enjoyed until

HOME MADE REFRIGERATION FOR FARM DAIRY USE

The Dominion Experimental Station at Rosthern, Saskatchewan, has solved the problem of keeping cream cool in a very economical way. On the outside of the dairy room is dug a hole eight feet square and ten feet deep, lined with plank, and on the inside of the room and adjoining the outside hole and separated from it only by the plank wall is a hole four feet square and five feet deep. When very cold weather sets in, in November or December, the outside hole is uncovered and each morning and evening water is sprayed into it to a depth of from three quarters of an inch to two inches, depending upon the temperature. If this is not frozen by the next morning or evening it is left till it is frozen and then more is added. In this way the hole is gradually filled with ice. It may be the end of February before the hole is filled but there is no hurry. When it is built up to a depth of eight feet a board floor is laid over it but not touching the ice and the remaining two feet filled with shavings, then another floor is laid, and over this a roof to turn the rain. The inside hole being separated from the ice by only the thickness of the plank, retains a temperature of nearly as low as freezing and if covered with two well insulated doors separated a few inches to afford a dead air space, affords a splendid means of keeping milk or cream cool.

Care must be exercised to keep the cooling chamber disinfected and free from foul odours and moulds.

The cans of milk or cream should be pre-cooled by placing them in a tank of cold water before being placed in the cooling chamber.

A one-pound box of candy is the proper size for a girl who has no brothers. If she has brothers, add two pounds for each brother. — Christian Science Monitor.

Your advertising dollar should do more than holler. Advertising, is selling, not yelling.

Now that summer's over we have decided that a bathing suit is a costume with no hooks on it, but usually plenty of eyes.

WIFE, GAS, SCARE MAN IN DEAD OF NIGHT

"Overcome by stomach gas in the dead of night, I scared my husband badly. He got Adlerika and it ended the gas."

—Mrs. M. Owen.
Adlerika relieves stomach gas in TEN minutes! Acts on BOTH upper and lower bowel, removing old poisonous waste you never knew was there. Don't fool with medicine which cleans only PART of bowels, but let Adlerika give stomach and bowels a REAL cleaning and get rid of all gas! Rexall Drug Store.

Refreshments Climax The Children's Party

BY EDWINA NOLAN

Director of Home Service, General Electric Refrigeration Department

NOT every mother has learned the secret of running a children's party smoothly—supervising the games, keeping the little guests interested and happy in wholesome fun—and then, as a climax, bringing on the refreshments, which always are uppermost in the minds of youngsters.

Mother must be on hand to guide the games; but, also, she must have good things to eat. Too often, she is forced to leave the children without leadership in order to prepare the refreshments. Then, the youngsters may fall into aimless rough-housing and the party may become overly boisterous.

Preparing the party refreshments the day before permits mother to keep her hand in the games, because she will have everything ready to serve at a moment's notice. She can make chillies, freeze salads and desserts the day before and they will be all

ready to lift out and serve at the refreshment hour.

As a suggestion for such a menu she could have:

Jellied Chicken
Fancy-shaped Sandwiches
Hot Chocolate with Whipped Cream
Vanilla Ice-Cream Sandwiches
The jellied chicken she makes the day before and chills in the refrigerator. Garnished with hard-cooked egg cut in fancy shapes, it looks quite attractive in its nest of lettuce and watercress. The ice-cream sandwiches, also, can be made the day before. Vanilla mousse for this popular dessert can be bought and kept hard in the electric refrigerator tray, or it can be made easily. The sandwiches can be made in the morning, covered with a damp cloth and kept fresh in the electric refrigerator. If the party is held in summertime, a milk shake or float can be prepared the day before and kept in the refrigerator. It sounds easy and it really is easy.

"Come, come, my man! You've been looking around here for a long time without buying. What do you want?" "Guess I want another floor-walker," replied the old gentleman.

The BARKER STORE-MACLEOD

REGULAR MEETING MACLEOD TOWN COUNCIL

The Macleod Town Council met for the regular meeting on Monday evening with Mayor J. Swinerton presiding. The councillors present were: Messrs. C. W. Stevens, W. A. Day, C. E. Tweed, Alex. Macleod and V. R. Baker.

was principally routine, over which a considerable amount of time was spent. A resolution was passed that the rent of \$10.00 per month for stable paid by Mr. Downing be applied on payment of the land. A vote of thanks was passed to the Broomball Club for the donation of stoves supplied by them to the new skating rink. The concession for supplying

refreshments at the skating and curling rinks was given to the Women's Institute, they to pay for the stove out of the town's proportion of half the profits. The Public School Trustees were voted the usual monthly grant of \$1500.00 and the finance committee passed the monthly accounts for payment.

CASH OR 30 DAYS

"The old order changeth giving place to new,
Lest one good custom should corrupt the world."

With the very life blood of the prairie country ebbing away in the diminishing value of wheat, nature's greatest cereal, and mankind's greatest blessing among food products, one is forced to take stock of conditions.

We have grubstaked the country, and our payment is hard luck stories, the truth of which we know too well, but which the wholesalers will have none of. We must pay whether we collect or not, or lose our most valued asset, our credit standing.

Therefore, we can no longer continue to extend credit where accounts haven't been paid. We aren't quite convinced that in many instances harm isn't done by extending credit. Most people use credit intelligently, having in mind always the day of settlement. Unfortunately some people abuse it.

We have always striven to give our customers a square deal. We hope to do even better for them in future by insisting upon cash or 30 day terms.

THE WHITE HALL

Macleod Local and Personal News

J. L. Fawcett, barrister, Macleod, was a Lethbridge visitor last Thursday.

Hugh Mackintosh was a visitor in Lethbridge last week attending the Seed Fair.

REACH & COMPANY

Council of Women, Medicine Hat, also gave a banquet in compliment to Mrs. Edwards.

Mrs. Sam Heap, Macleod, who was visiting in Calgary last week, the guest of her daughters, Mrs. A. H. Goodall and Mrs. M. Constable, returned home on Saturday.

Percy McGregor, of Macleod, received a wire on Monday afternoon that his mother was seriously ill at her home in Arnprior, Ontario. Percy left on the midnight train for Arnprior.

Jack Wood, of the Royal Bank Staff Macleod, who underwent a serious operation several weeks ago for appendicitis in the Macleod Hospital, was able to leave the hospital on Sunday.

The Macleod Ladies Broom Ball Club are to the front as supporters of the New Municipal Rink having contributed 5 excellent heating stoves for that institution. The Broom Ball Club when initiated resolved to aid in every way towards achieving a covered rink and this donation shows their sincerity in a most substantial and tangible way.

D. E. Ringland, ice man at the new rink, is busily engaged making ice, and states that a continuation of present sharp weather will ensure skating early next week. Tickets for skating are available at the Town office, and are priced as follows: Family season tickets \$8.00, single adult tickets \$5.00, school pupils over 12 years \$3.00, children under 12 years \$2.00, single admissions to skating (not to hockey games) where no season ticket has been purchased—adults 25c, children 10c.

A group of twenty from the United Young People's League, Macleod attended the Inter-denominational Young Peoples Rally in Wesley United Hall, Lethbridge, Tuesday evening. The programme opened with supper and songs. Rev. Hibbert, Provincial Religious Education Secretary, presiding. Groups were present from the churches of Lethbridge, Macleod and Taber. A "Young Peoples Union" was formed that is designed to assist the several denominations in carrying out their several programs in a more co-operative way. The perennial enthusiasm of youth pervaded the whole un-

dertaking. A visitor remarked "What keenness of mind and kindness of spirit the young folk now possess."

Burley Adams, Macleod, was successful in winning the 1st prize for sweet clover seed at the Lethbridge Seed Fair on November 12th and 13th. Burley was a student of the school of Agriculture, Claresholm.

Nina Grier, daughter of Mr. and Mrs. D. J. Grier, entertained on Saturday last in honor of her birthday. Halloween decorations were used in the rooms and on the table, after tea a number of games were played, the prize winners being: Eileen Rosling, Gwendolyn Grier and Bertha Christensen. The guests were: Moira Law, Il-

Stewart, Eunice and Florence Bremner, Gwendolyn Grier, Annie and Marjery Lantinga, Alice Butler, Lillie Gilboe, Eileen Rosling, Nellie and Gladys Taylor and Nina Grier. Mona and Mae Grier assisted.

PERHAPS TIPPED HIMSELF

First Barber: "What makes you so late?"
Second Barber: "I was shaving myself, and before I realized it I talked myself into a haircut and a shampoo." — Cap-per's Weekly.
